# FASHION VOTES TOWNS FUNDS FOR WILSON'S ENTERTAINMENT

## Bathing Beach Near Summer White House

## SUMMER FORCE

Official House of President Finds House Hunting Big Problem

Palm Beach, March 31.—The citizens of Palm Beach unanimously voted to tender the school building to the official force of the Summer White House.

Further, the town will provide adequate police protection and offer entertainment to its distinguished guest. The vote came after a formal town meeting when a resolution was offered by George E. Dean, cashier of the local bank.

In advocating his resolve Dean said that every member had previously avowed himself a Republican, but that the town was the first man of the country and political preference should not be a factor.

Resolved: That the members of the Board of Selectmen, the town moderator, the chairman of the School Committee and George W. Jones, be appointed a committee to make such arrangements for providing officers for suitable police protection and entertainment as may be proper and necessary.

That the necessary funds be taken from the town miscellaneous fund.

The members of the committee follow: Arthur Underwood, John P. Donahue and Harry H. Allyn of the Board of Selectmen; John A. Kelton, town moderator; William H. Hall, chairman of the School Board and Frederick George W. Jones.

**Housing of Wilson's Household Big Problem**

How to house the official family of President Wilson here during the months of July and August is a problem which has arisen over night following the announcement that the White House will be transferred this summer to Cape Cod.

Unofficial visit to this community and the surrounding towns by Edward W. Smith, chief of the White House staff, and Joseph E. Murphy, assistant chief of the White House staff, were the main reasons for the purpose of acquainting themselves with the conditions of the community and the place to accommodate the presidential party.

Neither Woods Hole nor the main part of the town of Bourne is an official building of any considerable size. The marine biology laboratory is being considered, although usually four hundred or more college students spend the summer months studying here.

These students in past years have always boarded at private homes around the town. The United States fish hatcheries, another building which might be large enough to accommodate the executive staff, is also being considered.

**270 CHICAGO FIRMS GIVE LOANS TO HOME BUILDERS**

Chicago, March 31.—A loan was made available to Chicago home builders here by 270 firms, through action of the Chicago National Bankers' Club. The loans will be made at the current rate of interest and on the security basis acceptable in good banking.

## SIGNS BILL FOR 40 MILLIONS

Governor Places Signature on Largest Appropriation Measure in State's History

Governor Coolidge today signed the \$40,000,000 budget bill—the biggest appropriation for State expenses in the history of the Commonwealth.

It will also probably result in a \$100,000,000 State tax, a jump of \$100,000,000 over the present tax.

The largest individual appropriation in the budget is of \$18,500,000 for the State House, which is the largest of the many and various institutions in which they are expended. Prisons and other penal institutions will cost \$12,000,000, however.

The appropriation for public education is about \$20,000,000, for public health \$10,000,000, for highways and waterways \$20,000,000.

Governor Coolidge desired that \$100,000,000 be derived from the sale of the drydock he used as current revenue to reduce the State tax to \$10,000,000, but under the law this was impossible. About \$10,000,000, however, will be used in retiring State bonds.

Senator Leonard F. Hardy of Huntington and Representative Frank E. Lynn of Bathington, chairman, respectively, of the Senate and House Ways and Means Committee, were given the press with which the Governor signed the bill. Singularly, these two legislators who were in charge of the \$40,000,000 appropriation bill, come from the same representative district.

**GUN MUZZLE RIPS OUT BRIDE PILLARS**

Providence, March 31.—The Atwell Avenue bridge which spans the Narragansett river here, was partially wrecked when a gun muzzle ripped out the pillars supporting the structure.

The most difficult part of this problem appears to be the designing of a suitable bridge over the river and the end of a flat car. The gun was an antique from the previous war and was in the hands of the Narragansett Arsenal. The muzzle of the gun was slightly damaged.

**Special Sea Baths for Mrs. Wilson**

When Mrs. Wilson arrives at Woods Hole this summer she will bathe in the blue waters of Buzzards Bay in the privacy of her own boudoir, if the winds are too cold to permit her to bathe in the sea.

Her boudoir is to be a small room, no bigger than a bathtub, and will be built on the shore at the Crane mansion there. It will be a room of glass, with a hot or cold water bath, and a hot or cold water bath, and a hot or cold water bath.

For outdoor swims, Mrs. Wilson will have a private bathhouse built on a point of land in the Narragansett Bay, on the shore of the Crane mansion. It will be a room of glass, with a hot or cold water bath, and a hot or cold water bath.

Handy tin boxes of twelve tablets are sold for a few cents. Drug stores sell all larger packages. Aspirin is made by Bayer Manufacturing Monoculture of Salicylic acid.

Falmouth, March 31.—Alone, alone, all, alone. Entirely surrounded by life-long Republicanism, a Democratic island, in a sea of anti-Wilsons, stands Edwin J. Donnelly.

## ASKS \$50,000 OF SANITARIUM

Husband of Woman Who Was Scalded to Death Sues the Owner

A suit for \$50,000 against Mrs. Hans S. Wiswall of Wellesley, owner of a private sanatorium, was filed today in the courthouse at East Cambridge by Edward H. Lott of Malden, whose wife, Mrs. Mary Lott, was scalded to death at the institution last November. Mrs. Lott was a patient for a mental disorder.

The suit follows the action of the Dedham court in holding Mrs. Margaret Cushman, nurse at the sanatorium, liable for the death of Mrs. Lott. It is alleged that it was through negligence of the nurse that Mrs. Lott was scalded.

The sanatorium was inherited by Mrs. Wiswall on the death of her husband, who founded it. It was then known as the "Mental Home" and was operated by Edward H. Lott, assistant physician, who was scalded to death at the institution last November.

## DEATH SWEEPS BALKANS

By KARL H. VON WIEGAND, Boston American Staff Correspondent. (Copyright, 1918.)

Berlin, March 30. (Tuesday, 5:45 p.m.)—A wave of revolution and unrest extending from Turkey through the Balkans is reported today as serious in an apparently authentic news agency dispatch.

It is asserted that the true news from Turkey is quite contrary to that coming through London.

Turkey is reported in the grip of a revolution which is spreading rapidly. A general revolution is in progress, and the revolutionaries are reported to have joined the revolution in Asia Minor and said it was seriously threatening the Christian population.

Disorders are also reported from Bulgaria, Rumania and Montenegro. A revolution is also reported to be spreading the true news from those countries also.

**Turkish Revolt in Thrace**

Fetis, Says Constantinople

London, March 31.—The Turkish Nationalist revolt in Thrace has fallen, according to a Constantinople dispatch to the Daily Express. Less than 4000 are said to have joined the movement, while revolutionary elements who tried to stir up trouble in the villages were stoned.

It is reported that the revolutionaries have been driven out of the east of Turkey by the Nationalists operating in that quarter. They are reported to have been driven out of the east of Turkey by the Nationalists operating in that quarter.

BACK RENT BILL**

frage Official, Lauds Ameri-

apartment.  
**UNION'S BACK REAR.**  
Overseas has the backing of almost  
15,000 union workmen of London, most  
of whom have joined the Boston  
American Tenants' League. Two hun-  
dred members of this group met last  
evening in Lawrence Hall for the first  
time, and their representative will at-  
tend meetings of the Central Labor  
Union and of the Chamber of Labor  
to discuss the situation.

A housing campaign has been started  
by the Chamber of Commerce by  
which the Chamber will advance five  
per cent. of the cost of building a  
home, taking out an insurance policy.  
In case of death of the tenant, the  
home will go to the family, the Chamber  
collecting the insurance.

**NEVER-MEET MEETING.**

Preparations for the Revere mass  
meeting at which the members of the  
Revere Tenants' League will enroll in  
the Boston American Tenants' League,  
and endorse the measures of  
Representative Martin Hays of Brighton  
to stop profiteering in rents are  
complete.  
Tonight Hays will witness one of  
the most important meetings of the  
city, ending with a meeting  
at the Walnut Street School building,  
which Mayor Walworth represents  
and other speakers will discuss the  
rent problem.

Chairman Philip Oller of the  
Revere branch of the Boston Ameri-  
can Tenants' League will be chief  
speaker of the parade. The commit-  
tee in charge consists of M. Laskovitz,  
H. Shuman, Morris Shuman, Louis S.  
Glickman, M. Sherman and Alexander  
Marina.

**REAR-END PROBLEM.**

The action of certain landlords of  
Beachmont, who have been demand-  
ing 15 and more per cent. security from  
their tenants as a condition that they  
will not move during the next year, will  
be discussed at the meeting.  
Mr. Hays will explain the several  
provisions of his rent bill, and also  
his effort to bring the heads of the  
various departments of the Com-  
monwealth to a conference on the  
rent problem.  
Residents of Dorchester are organ-  
izing a branch of the Boston Ameri-  
can Tenants' League, which promises  
to be one of the most active of the  
many branches of this State-wide or-  
ganization. The mayor's complaints  
received from Dorchester, like all  
others, have been turned over to the  
mayor's committee on rents for ac-  
tion.

Chairman Malcolm Nichols of the  
Mayor's committee, through the Bos-  
ton American Tenants' League, re-  
quests that all complaints be  
submitted in writing, and mailed to the com-  
mittee at No. 1 Beacon street.

All such complaints should contain  
the name and address of the landlord,  
the amount and date of all increases  
in rent, all particulars of eviction no-  
tices, a statement of the condition of  
the premises, and any other impor-  
tant data in connection with the case.  
All eviction notices should be re-  
ferred to the Mayor's committee as  
soon as they are received.

**HOUSEKEEPERS FAVOR PLAN.**

Resolutions condemning the exorbi-  
tant rents charged by landlords of  
Greater Boston and throughout the  
Commonwealth and unanimously in-  
dorse the efforts of Representative  
Martin Hays and the Boston Ameri-  
can Tenants' League, which is sup-  
porting Mr. Hays' bill to stop profi-  
teering in real estate.

Important feature of the meeting of the  
Housekeepers' League, held in Lawrence  
Hall, Corcoran square, at which Mrs.  
J. M. Hubbard presided. The resolu-  
tion follows:

"Whereas, The present housing situ-  
ation permits landlords to charge  
exorbitant rents for property; and,  
Whereas, There is no law to pro-  
tect the tenant against unscrupulous  
profiteering; be it

"Resolved, That we, members of the  
Housekeepers' League and repre-  
senting several thousand women  
throughout the State, indorse the ef-  
forts of Representative Martin Hays  
to establish a law that will make  
profiteering in real estate impos-  
sible."

**SEES NEED OF EARLY ACTION.**

Mrs. Henry Preston White, insti-  
tution of the State Tenants' League,  
the most prominent anti-suffrage  
in the country, favors the Martin  
Hays bill to curb rent profiteering.

In indorsement of the Boston American  
for the stand it has taken in the matter  
of exorbitant rents.

"The American campaign for more  
moderate rents," said Mrs. White,  
"is a most excellent movement, which I  
indorse. There certainly is enough  
cause for such a campaign, not only  
in Boston but almost everywhere.  
When you hear, as I did just the other  
day, of certain people who bought  
property for one purpose and then  
raise the rent, you are convinced of  
the need for action. This is a first  
step to curb a crying evil."

"There is too much suffering  
in this city," she said, "to allow  
landlords to raise the rent without  
protection."

**Help Lawrence Form  
Rent League Unit**

Officers of Lawrence:  
Attended the mass meeting  
called by Mayor White at City  
Hall, Friday evening, April 2, at  
8 p. m. to form a branch of the  
Boston American Tenants' League.

Lawrence White will pre-  
side. Prominent speakers will  
discuss the rent problem.  
Of vital importance to every  
resident of Lawrence!

If you believe in a fair deal for tenants and landlords  
sign the following and mail to Rent Editor, Boston Ameri-  
can, 80 Summer street, Boston 8, Mass.

Please enroll me as a member of the Boston Ameri-  
can Tenants' League of Massachusetts. I am opposed  
to profiteering in real estate, and am in favor of the Hays  
bill to end such profiteering. Membership in the League  
shall assure my moral support, but shall involve no  
financial obligations.

New York, March 31.—Faced by a  
rent strike of 800,000 tenants unless  
conditions are better by May 1, city  
officials were today desperately seek-  
ing a remedy for the housing situa-  
tion. For the first time, serious con-  
sideration was being given in all  
quarters to the proposal of Borough  
President Curran of Manhattan, that  
\$100,000 be appropriated for the  
building of homes on city-owned  
land. The prospective rent strikers  
are well organized and have the

## MARY TELLS HOW HER LOVE DIED

Own Story Pictures Moore as a Drinker, Quarrelsome and Selfish

Continued From First Page.

Years and general unhappiness. Havana, Cuba, was the first place of residence of Mr. and Mrs. Moore after their marriage and from the day they landed in Cuba until they left, three months later, Mary's life was very unhappy. "He left me the day we arrived there and came back in an intoxicated condition. He quarreled with me and left the hotel again and I didn't see him for three days," she testified.

"They returned to New York from Cuba and her husband began to partake of too much liquor, she said. He left her twice, once to stay away a month and another time for a week, during the fall of 1911.

"From the time of my marriage I was forced to support myself, my mother, my brother and sister. My husband said that a wife was a luxury and that he did not intend buying my clothes. We had been in Chicago and it was necessary for me to seek employment with a company, and that company was going West to California. I asked my husband to go along and offered to pay his fare.

but he said that he wanted to stay in New York."

Later Moore went to Los Angeles, and Mary continued.

"We had no apartment there and he finally told me that he was tired of it and intended going back to New York. I offered to go with him but he said no and packed up his things and went."

They were separated eight weeks this time and after another reunion lived together for a short time until Mary became ill. She told it in this way:

"That fall from unhappiness and overwork, I was taken sick and went to a hospital. He came to see me under the influence of liquor, which infuriated me. He came to see me coming out of the other. Four times he came there and made me cry and my doctor told the nurse that he was not to be allowed to come into the room until my temperature was normal. My mother took me to a hotel where I left the hospital and he came to see me and quarreled with me again."

From New York they went to Los Angeles, Mary going first, and then together for three months. "Then Moore accused Mary of ruining his career," she said.

"He told me that I was the cause of his failure in life and that I caused him to drink and was sorry that he ever had a wife. He said he wanted to die out of his life and I was questioning him as to where he was and he thought I was interfering with his career."

As the months went by Mary did not speak to her husband any more, she said, and he became abusive of her mother, calling her mother terrible names. "Names I do not care to repeat."

In the latter part of 1914 Mary left. "He called my mother terrible names, names I do not care to repeat, and said that he would have a divorce for that, and he said he would not, and said that I would

not out of there; he didn't want me any more and said he was absolutely through with me and wanted to live his own life and that I didn't appeal to him. I packed my things and went."

"After much persuasion he returned to me and lived in Los Angeles from January to June 1915. He returned eventually to New York and he said constantly that it was a great extravagance to have a wife. I always said my share of the bills and clothed myself."

LARRY RAN GOOD IN 1915.

Back and forth from Los Angeles to New York Mary and her husband traveled many times, always on different trains, however, and according to Mary's testimony, she was generally going from one place to the other to bring her husband back to her. In 1916 Mary said she secured a position with a company for her husband and as she had to go West she asked the company to send him along. He refused to go.

"He said it was a good thing that my business called me West, as he was happier without me and that I made him miserable and that I would try to come back to him," Mary testified.

It was in the summer of 1917 that she left. "He called me West, as he was happier without me and that I made him miserable and that I would try to come back to him," Mary testified. "He called me West, as he was happier without me and that I made him miserable and that I would try to come back to him," Mary testified.

It was a year ago that she talked to Moore, she said, and then they talked about him. "He called me West, as he was happier without me and that I made him miserable and that I would try to come back to him," Mary testified.

In response to questions from the court, Mary said she had no intention of securing a divorce when she came here.

Los Angeles, Cal., March 31.—From all parts of the Western Hemisphere hundreds of messages of congratulation were showered on Douglas Fairbanks and his bride, Mary Pickford, at their Beverly Hills home today.

Following the formal announcement of their wedding, Sunday night, among the telegraph notes of congratulations were messages from numerous ship girls and, perhaps, as notably romantic milliners, government officials and others of note.

But "Doug" and Mary remained in seclusion, planning a honeymoon tour of Europe. They will leave Los Angeles, May 19, sailing from New York at Plymouth, England, a new automobile purchased especially for the occasion will be waiting for them.

The honeymoon will include trips through England, Denmark, Sweden, France and Italy and will consume several months. The wedding of Fairbanks and Clara Mary Smith Moore, as Miss Pickford was known in private life, united two of the largest salaries persons in the United States, if not in the world. Both Fairbanks and the new Mrs. Fairbanks are rated as millionaires.

"Conserving." "Economy" and "Thrift" are the present-day watchwords and well they may be! Are you conserving your health? Are you economical in buying treatment for disease? You should be! If your stomach, liver, kidneys, bowels and blood are not right in every sense, you should at once begin a treatment to restore good, healthy conditions. Sulphur, cream of tartar and herb extracts in a sugar-coated form, called Sulphur Tablets, is the surest relief that is economical. Get them in sealed tubes from druggists. Sulphur is the name—not "sulphur." Mrs. J. J. Devlin, 611 W. 142nd St., New York City, writes: "I would also like to say I find your Sulphur Tablets O. ## JOHNSON FLAYS BANK COMBINE

Declares Morgan One of Beneficiaries of League of Nations Covenant

New York, March 31.—J. Pierpont Morgan and the international banking combine were specifically named as the chief beneficiaries of the League of Nations covenant by United States Senator Nitro W. Johnson.

Senator Johnson charged the combine with plotting to suppress the issue in the coming campaign, so that candidates for the presidency and for Congress might be chosen, secretly pledged to act as its servants.

Senator Johnson intimated that "that our candidate for President," Herbert Hoover, is really the choice of the combine because of his services here and in Europe.

To cheering thousands who packed the two Brooklyn halls, and hailed him as the real President, Senator Johnson said:

"There I differ with President Wilson and the international bankers' combine in that I insist that not a drop of American blood shall be shed in any controversy concerning the boundary lines of England, Japan, Russia or Serbia."

Pointing his finger in the direction of Wall Street, Senator Johnson roared, amid the hurrahs of his hearers at Arecibo, and Congress Hall:

"There is the issue. Shall it be fought and hidden? Shall it be fought out of sight until it is too late for you to act, by the international bankers and by J. Pierpont Morgan & Co.?" (Hisses and cheers.) Every effort is being made to keep this issue from the people until election time and it is too late for them to act.

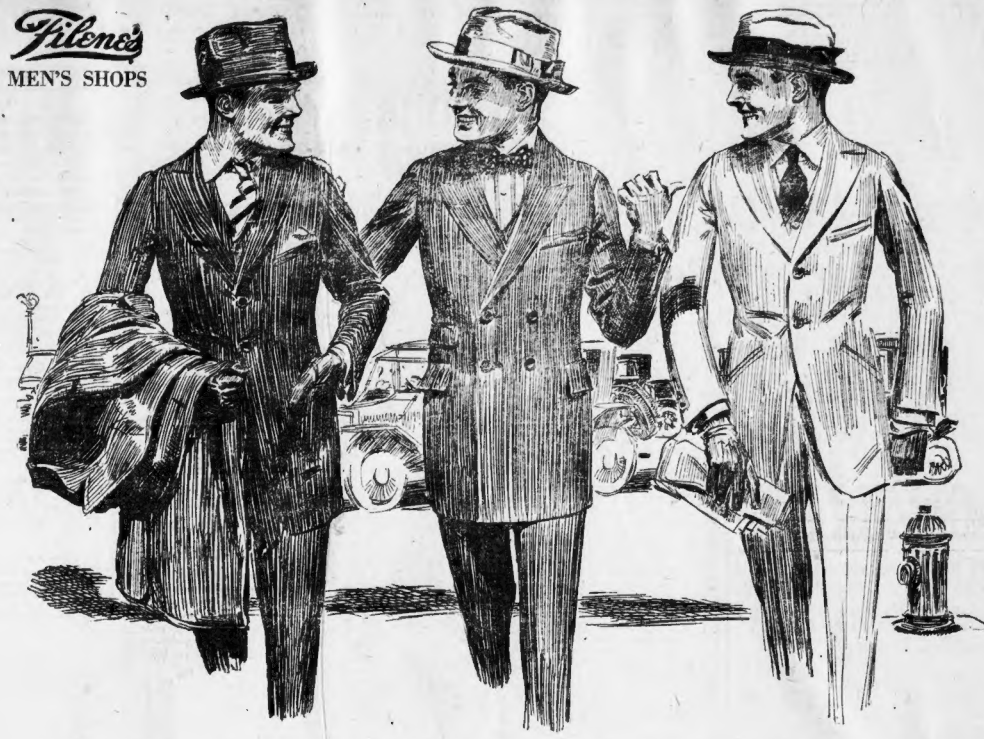

The only way you can act is by choosing your own corporation, picked delegates to the Republican national convention. Don't let your delegates go in the pockets of any banking combine.

"That would be worse than any infamy ever attempted. Our country is greater than any one man in the White House or any group of Senators who seek to sell us to Europe."

"President Wilson has called me a plummy and provincial American. I differ from him in that I am all American."

**ASK POLICE TO FIND TWO MISSING R. I. GIRLS**  
Providence, March 31.—Martha McCarron, aged sixteen, and Beatie Madden, aged thirteen, two Providence girls, have been missing from their homes for several days according to their mothers, who have asked the police to find them. The girls were last seen in an automobile.

**Filene's**  
MEN'S SHOPS

# The Filene store is proud to announce the coming of **Town Clothes** designed by, made for and worn by **YOUNG MEN**

**T**HERE is a big idea in back of Town Clothes. A wave of better-dressing, of more-youthful-clothes for the man 18 to 30 years young has swept the country. Town Clothes recognize this insistent demand and supply the clothes young men are seeking, and they do so by having young men design the clothes and young men make them; for only men young in years and in spirit can do justice to this idea!

**TOWN CLOTHES** must not be confused with freak clothes. They are the kind of clothes that will do a young man credit when he seeks admission to the private office of a bank president.

But they have that indescribable something—a slight youthful shaping of the waistline, a bit of ginger in the line of the pocket, an up-and-coming curve to the lapel—that young men best describe with the word "pep."

**TOWN CLOTHES** are designed by Boston young men for Boston young men. They are not the result of what somebody hundreds of miles away "thinks" Boston young men want. They are "know-what-they-want" clothes.

And besides all these advantages, Town Clothes have a sweet message for your pocket-book! Woolens bought direct from the mills; making done under our direction and with several intermediate profits eliminated.

**TOWN CLOTHES** are on-the-square clothes. They wear as well as they look. They are made to specifications as carefully set down as an Army Contract; and carefully lived up to, besides.

Town Clothes make their first appearance in Boston tomorrow. Every young man who values personal appearance and who is not averse to saving some of his clothing dollars as well, will be out-of-luck if he doesn't look Town Clothes over before he buys!

*Town Clothes \$45 to \$60, in a corner by themselves --- The escalator will take you there in jig-time!*

# DRIVE AWAY HEADACHE!

Rub **Musterole** on Forehead and Temples

A headache remedy without the danger of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts as a mustard plaster in a clean, white ointment made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and bowels, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, rheumatism, humors, all pains and aches of the head, joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

# TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, heartburn, acidity, tired people, flatulency, acid, cholera, cramps and various other ailments, and you know these things will cure you trouble—In some cases, it not only gives relief and cures you, but it also gives you a new lease on life. A chronic stomachic may try the effect of a little medicinal magnesia, either orally or with food. The more liberally it is taken, the more it will cure. It is a powerful purgative, and it will follow most everything you eat.

Take a teaspoonful of the powder as before, or after your meal, and you will find it neutralizes the dangerous harmful acid in the stomach, which you cannot get rid of by any other means. It is a powerful purgative, and it will follow most everything you eat.

# FEDERAL CHIEFS TO TAKE PAU

Mitchell Assumes Collectorship Tomorrow and Baker Begins Duties as Postmaster

The chiefs of two Federal departments in Boston will take their oaths of office tomorrow. United States Marshal John J. Mitchell, who was recently appointed internal revenue collector for this district, assumes his new duties and Roland M. Baker will be sworn in as postmaster of Greater Boston.

Mr. Mitchell today closed five years' service as United States marshal here. He was complimented on the conduct of the office by Judge James M. Morton, Jr., today in behalf of the United States district judges here.

Following the appointment of Mitchell's successor, Patrick J. Duane, chief deputy, will serve as acting marshal. Many congratulations were received by Mr. Mitchell today upon his succession to the collector's post. Andrew J. Casey has been acting internal revenue collector since the resignation of John J. Malley last August.

Roland M. Baker succeeds William R. Hurley, who has been acting postmaster since the death of Postmaster William F. Murray in September, 1918. The work of checking up the postoffice accounts before their transfer in a new postmaster was completed today by Chief Inspector Mosby and his staff of assistants.

Mr. Baker called on the acting postmaster today and presented his commission, with the announcement that he would report to take charge of the postoffice at 8 a. m. tomorrow. Mr. Hurley will act as assistant to the postmaster.

# UNITED FRUIT COMPANY LONGSHOREMEN STRIKE

A strike of longshoremen employed by the United Fruit Company on Long Wharf went into effect today. The walk-out is in sympathy with the longshoremen's strike in New York.

The longshoremen finished loading the *Lovins*, their only steamer at the wharf, late Tuesday, and to other fruit boats is due until April 7. Included in the strike of the company is a complete "knockdown" village, consisting of five-room bungalows, employees on the sugar plantation of the fruit company at Nipe Bay.

# JUDGE CALLS PRISONER "NOTORIOUS SCOUNDREL"

James J. Fennerty of Second street, South Boston, characterized by Judge Logan as "the most notorious scoundrel I ever knew of or heard about" was given two years in the South Boston House of Correction for a statutory offense.

Fennerty, who is twenty-three years and has a wife and two children, appeared. He was charged with having his nineteen-year-old sister-in-law, who is now a mother, live in the inmate of the House of the Good Shepherd.

# SOLDIERS ATTEND VETERAN'S FUNERAL

The funeral of the Spanish War, a veteran of the Spanish War, was held today at No. 18 Veth street, South Boston. High mass of requiem was celebrated by Rev. T. F. Clerity at St. Augustine's Church.

Port Banks attended the services and tape were blown by a military bugler at the burial in Holy Cross Cemetery, Malden.

# REQUIEM HIGH MASS FOR MRS. ALICE TUOHY

The funeral of Mrs. Alice Tuohy, wife of Martin Tuohy, prominent South Boston business man, took place today from her home, No. 12 Thomas Park. A requiem high mass was celebrated by Rev. Edward Burke at St. Augustine's Church. Burial was in St. Paul's Cemetery, Arlington.

# TWO STRIKERS FINE \$100 FOR DISTURBANCE

Permanently located on Washington street, Winchester, in which twenty striking operatives from the leather union of Rogers & Cobb, three workmen, Sergeant McCulloch and Pauline Hogan, daughter, Anthony Hogan and Salvatore Rogers, strikers, each were fined \$100 in the Doherty court. Bussell was also fined \$100 for having a loaded revolver. Both appeared.

# Give Dramatic Cantata

A dramatic cantata by Theodore D. Bole, "The Seven Last Words of Christ," will be given tonight at the Boston School of Theology by the chorus of forty voices, under the direction of Professor H. Augustin Smith of the B. U. School of Religious Education.

Federal Agents Call Upon Shoe and Clothing Men to Show Their Books

Profits in clothing and shoes are under investigation in a campaign launched by local Department of Justice agents. Every stage of these two industries, from manufacturer to retailer, will be probed. It is said.

Some manufacturers have already been called upon to submit their books. The investigation was said to be proceeding upon the basis that neither manufacturer nor retailer can escape an unreasonably high profit on any commodity to effect a loss on another. Shoe manufacturers have claimed that part of the high footwear prices was attributable to speculation in leather.

Accounting experts from Department of Justice headquarters in Washington will assist the local agents. A report will be submitted to the United States District Attorney here. Another also may be made to the Federal Grand Jury.

## DAYLIGHT FIGHT NEAR VICTORY

Bill Passed to Third Reading in Senate by Overwhelming Vote

The daylight saving bill, providing that daylight saving shall go into effect in this State on April 26, was ordered to a third reading in the Senate by a vote of 25 to 5.

Advocates of the bill, jubilant over the success achieved in the first assembly, today expressed confidence that the measure will retain its strength in the remaining stages and that the benefits of daylight saving will be enjoyed by the Commonwealth in October.

Senator Elias E. Reed of Taunton, who has been an opponent of the bill and who today voted against it, in the Senate, announced today that he is not at all certain that he will vote against the emergency preamble which is necessary to be adopted in a later stage if daylight saving is to become operative on April 26.

He said that the bill evidently has had considerable support in both branches of the Legislature that he is undecided whether it would be advisable to attempt to stay the operation of the law. The bill passed the House by a vote of 141 to 35, which is in favor of the bill.

It is the first time that the Legislature has passed a bill in the emergency preamble.

By HUGH S. FULLERTON.

The outstanding feature of the game on the left fielders, the first of the outfield studies, in the remarkably close ratings of the American League teams in position value, and the rapid inequalities shown in the National League.

Of course, the super-excellence of George Burns in almost every department, offensive and defensive, and the weakness of a number of other clubs in the circuit, tend to average the figure.

The thing, however, which strikes the eye is the equality of strength between the American League. Jack-horn never a great left fielder, excepting in hitting power, showed best results during the early part of last season than he ever has played. Even outside of his hitting, there were times when he played really intelligently, but, although toward the end of the season his work slumped again, he was rewarded during the early season by critics, and instead of breaking down it, he was able to better playing.

Although a big slump in Jack-horn's work during the coming season, it is impossible to calculate the preliminary figures. I give it merely a prediction not based on figures.

## Tigers and Indians

### Shape Up Strong

Detroit and Cleveland both show strength in the field figures, and are expected to find new strength in the left field. Lewis is not of course, quite as good as he is at the bat, but he is starting to show some of the old strength, and it is probable that this year he will be in the line.

If we could be certain as to whether or not Lewis will keep his old strength up or make further gains, it would be very probable that the Athletics would show more figure strength than any other team in the circuit. The Athletics have shown in the final calculations are made, Washington, of course, shows a very strong figure, and Griffith can handle both successfully and put him in the line, the chances are Washington's left field strength will increase.

These things show the difficulty of the work ahead of the start of the season, and explain why the figure may have to be under the same conditions before I compile the final values into team values.

## Pirates and Cards

### No Weaklings

It will surprise many to find that the Pirates and Cardinals, showing strength in another department. One cannot help but think that these teams are coming along to a point where they are actually dangerous. It seems as if the strength of these teams in some positions has been discounted by weakness in others, and that they are in the position where the development of one or two men would change the team outlook entirely.

Chalmers, the world's champion, falls to show the strength in the field, and it is evident that he is not as strong as he looked to be in the World's series, and it is probable that he will not rate as high as the Brooklyn fans want him rated, but at the same time he is assigned to the new field job. Burns' lead over the others would be in the fact that he has the hard run ball at the Polo Grounds.

In the next article we will figure the center fielders.

MANAGER TELLS RED SOX TO CUT OUT ALL SORTS OF SWEETS AND SOFT BEVERAGES

By JACK CONWAY.

Memphis, Tenn., March 31.—The Red Sox won't try to win the league championship from Worcester just who the boys were acting so that they could bat for and in the candy and soda pop league. Manager Ed Barrow issued orders to his brave athletes which forbids them making any further raids on such delicacies.

His Ed told his band that good Southern Democrats maintain that a mixture of marshmallows and soda water creates intoxicating gases after they remain for the regulation number of hours.

Maybe if some hard-boiled prohibitionists were to make a test case he would be able to prove that the Red Sox were secretly manufacturing intoxicating liquors by internal processes.

Barrow has enough trouble on his hands trying to win the pennant, and he doesn't want to discover a couple of outfielders and some pitchers, who are best for his athletes to restrict their diets to chocolate and the way of Jawn McGraw's wildcat when it was on the loose.

Prices at opening.

First prices were higher, but gains were not large. The early advance was not sustained, and the market was not active, measured by the recent standard. Morning transactions totaled but \$125,000 shares. Call money renewed at 8 per cent. Sterling exchange had a steady advance. Live and frame were lower, but quoted at 20 1/2 and 20 1/2.

MARKET IS "MARKING TIME"

Trading was quiet and of a professional character during the morning. Observers say that the market is "marking time" and that the distribution of stocks is being held up. Some believe that the distribution of stocks is being held up because of the recent advance in the price of oil. Others believe that the distribution of stocks is being held up because of the recent advance in the price of gold. Still others believe that the distribution of stocks is being held up because of the recent advance in the price of silver.

MAY GET \$150,000,000

IN GOLD FROM ENGLAND

In New York banking circles there is belief that British shipments of gold to New York in the present movement will total at least \$150,000,000 and that receipts from that source may amount to \$150,000,000. How much France will forward is not being estimated as yet, but conservative forecasts for a large amount from that source are expected. The gold is being forwarded for October payment under the Anglo-French loan.

On March 25 this year the Federal Reserve Bank of New York received \$1,324,750,000, a decrease of \$187,000,000 since June.

Copper Market Active

Trade reports are to the effect that the copper market is quite active on the basis of 15 cents a pound for spot and 16 cents a pound for delivery. It is said that little or no metal can be obtained for less than 15 cents a pound. There is more export demand and the price is being held up for coming quarter shipments. There is talk of an advance to 16 cents a pound to 16 1/2 cents a pound.

Prices at opening.

First prices were higher, but gains were not large. The early advance was not sustained, and the market was not active, measured by the recent standard. Morning transactions totaled but \$125,000 shares. Call money renewed at 8 per cent. Sterling exchange had a steady advance. Live and frame were lower, but quoted at 20 1/2 and 20 1/2.

MARKET IS "MARKING TIME"

Trading was quiet and of a professional character during the morning. Observers say that the market is "marking time" and that the distribution of stocks is being held up. Some believe that the distribution of stocks is being held up because of the recent advance in the price of oil. Others believe that the distribution of stocks is being held up because of the recent advance in the price of gold. Still others believe that the distribution of stocks is being held up because of the recent advance in the price of silver.

MAY GET \$150,000,000

IN GOLD FROM ENGLAND

In New York banking circles there is belief that British shipments of gold to New York in the present movement will total at least \$150,000,000 and that receipts from that source may amount to \$150,000,000. How much France will forward is not being estimated as yet, but conservative forecasts for a large amount from that source are expected. The gold is being forwarded for October payment under the Anglo-French loan.

On March 25 this year the Federal Reserve Bank of New York received \$1,324,750,000, a decrease of \$187,000,000 since June.

Copper Market Active

Trade reports are to the effect that the copper market is quite active on the basis of 15 cents a pound for spot and 16 cents a pound for delivery. It is said that little or no metal can be obtained for less than 15 cents a pound. There is more export demand and the price is being held up for coming quarter shipments. There is talk of an advance to 16 cents a pound to 16 1/2 cents a pound
